Speed Fiends

Q—I see that some of the speed fiends are still juggling with death their own and other peoples, on city and country roads. License error: anybody who wants to drive a car as

cancel to licenses of those who
not drive carefully, is the only re-
edy in my opinion.

Bowling on The Green
B.—The green of the Bellville Club is certainly "a thing of beauty and joy forever". This is one of the best bowling greens in Ontario and is best lighted, reflecting great credit upon the progressiveness of the members of the club. Visiting bowlers are delighted with the Bellville green and the hospitality extended by the club.

Neglected Graveyard
G.R.—It is almost time something was done to that neglected graveyard on Dundas street. The living should have respect for the dead and the commendations of the committee of the Chamber of Commerce as to City taking over this property and making it into a civic park should elicit the early consideration of City Council.

POLICE COURT NEWS

**DISARMAMENT CONFERENCE
OPEN IN WASHINGTON ON
NOVEMBER 11TH**

Tokio, Aug. 8.—Japan has agreed November 11 as the date of the opening of the disarmament conference in Washington, as suggested by the United States, according to this morning's newspapers.

Foreign Minister Uchida, the un-

papers state, told the cabinet he informed Edward Bell, the U. S. charge d'affaires, that Japan had no objection to November 11 for the conference date.

Sir Charles Elliott, the British ambassador, had a conference yesterday with Foreign Minister Uchida over preliminary negotiations for the conference.

Word also was received from U. S. Friday night that France, replying

The disarmament question touched upon incidentally today. Matsuoka Okuma, former Premier and address to the Education Society of Japan, he said, could save 200,000 yen annually by armament reduction, it should all be spent in education.

**CUBAN GOVERNMENT CLAMP
LID ON LIQUOR SMUGGL**

Havana, Aug. 8.—The Cuban government, swinging in line with Bermuda authorities, set out to clamp down the lid on liquor smuggling into the United States. More than \$1,000 worth of liquor seized to have been destined for American consumption, was seized just before being loaded on the

ish steamer San Bruno which
to sail for Boston via Costa
Orders were issued to search all
sels leaving this port, and con-
liquor, unless it is shown on

ON A CRUISE
 The ship *Knocke* arrived in the harbor of London, England, on Saturday. A young man named George Treask, supposed to have been a third officer, failed to show up. His family, who had been waiting for him, had been told that he had been killed in a shipwreck. The Government later found out that he was still alive.

FAREWELL PARTY
 The Truck Insurance Club, for which Treask has labored all week, held a party at the Hotel on Thursday evening, where all his relatives and friends gathered to bid him farewell before he sailed for Seattle. Mr. Treask has a second and another large contract.

 By Mrs. E. M. Howell

Many notable and interesting banquets have been held in the beautiful Hotel Quinte, but none so grand and so important as the one given last night by Mrs. E. M. Howell, in honor of the great powers of the world. The banquet was given in the ballroom of the hotel, and was attended by a large number of guests. The menu was excellent, and the service was perfect. The entertainment was also very good, and the evening was a most successful one.

Over fifty girls and boys were present at the banquet, and all of them enjoyed the evening very much. The girls were dressed in their best, and the boys in their uniforms. The banquet was a most successful one, and it was a pleasure to have so many guests. The evening was a most successful one, and it was a pleasure to have so many guests.

IMPERIAL Polaring MOTOR OILS

Quality machine oil. Superior for all motor cars. For other lubrication, see other labels. For other lubrication, see other labels. For other lubrication, see other labels.

Price per Gallon or price per Mile

It's not what you pay per gallon, but how many miles of real lubrication you get per dollar that counts. Imperial-Polarine Motor Oils go farthest. They give you the maximum of efficient lubrication for every dollar you invest in them. Judged alone on this basis, Imperial Polarine Motor Oils are the most economical oils you can buy.

Imperial Polarine Motor Oils reduce operating expenses every way. Their exclusive use just about cuts depreciation in two and frees you from the annoyance and expense of excessive repair bills. Figure it out every way you will find that Imperial Polarine Motor Oils are the most economical oils you can use.

There is a grade of Imperial Polarine Motor Oils specially prepared for your type of motor. If you use this grade exclusively, you can always be sure of a smooth-running and dependable motor, and you will receive not only the best lubrication you can buy but the cheapest in the long run.

Consult our Chart of Recommendations at your dealer's or write to 56 Church Street, Toronto, for our instruction book, "Automotive Lubrication."

—opening days, with every order of suit or overcoat made to measure for \$23.00, watches of merit this designs. When 500 watches have been distributed, this offer must be withdrawn as a further supply is not available. Only one suit and one overcoat to each customer. None Sold to Dealers.

This new firm has been able to go into the market and buy cloth and trimmings at less than one-half the price they were sold at 6 months ago, and at that loaded up with any materials bought at high prices. Consequently, a low price of \$23.00 for a high-grade garment, irreproachable of fit, finish and workmanship. Six months ago, we would have been compelled to charge from \$30 to \$50 for the same article.

Included in the selected materials are blue, black, brown and grey serges, fancy worsteds, pin stripes and high-grade tweeds, all of the best English makes. Every garment is made with good trimmings, which will last as long as the suit. We give any style that may be desired to suit the individual taste.

WE HAVE NO CONNECTION WITH ANY OTHER FIRM DOING BUSINESS IN CANADA.

NOTICE: We are the only genuine ONE PRICE TAILORS in Canada. We have our price only—\$23.00—no more and no less, and we will not try to sell you clothes at higher prices. You get the choice of the house for \$23.00. We guarantee Satisfaction. Come and Put Us to The Test.

**BRITISH TANK CORPS
WILL BE EXTENDED**
London, Aug. 17.—Great B

tain has found it necessary to reconstitute her strong tank corps to take the place of armored cars, according to Sir Worthington Evans, Secretary of War, who made this declaration in parliamentary debate. Much progress had been made with the design of the tanks, he said, involving a long, light tank, which will have all the virtues of an armored car, but at the same time will be more formidable. The tank service, which now consists of four battalions, will be expanded next Fall.

chemical vapors or very fine powder so they may be photographed under microscope.

Dr. Locard tells of several successful examinations conducted by his

prosecutions supported by an abundance of evidence. In one case a burglar wore gloves but left an impression of a small surface of forearm. That impression convicted him. Another burglar, plotting freely, left the impression of his bare surfaces through his gloves almost to jail.

Graphometry, as termed by Dr. L. L. Leonard, consists primarily in the theoretical relation to size between certain parts of the hand, particularly the fingers, and the unmistakable characteristic forms, particularly of loops. In a practical application of these principles, Dr. Leonard, of course, utilizes generally accepted methods of detecting forgeries.

How Old Age Comes

To Those Who Invite It

"There's a Reason"

There are plain rules, well understood, about the way old age comes to those who invite it.

It is the body as important as the mind, and it is the body as important as the mind, and it is the body as important as the mind.

It is the body as important as the mind, and it is the body as important as the mind, and it is the body as important as the mind.

Fanatic Tribesman Fight Spaniards

Mexico, Monrovia, August 18.—Ten thousand angry thousands of the Spanish race resented to be captured when the Spanish troops in this section captured their revenues at the battle of the Moon Bay in July.

The entire region was overrun by fanatic tribesmen, ready to fight to the last for their inalienable land.

The strength of the Spanish force with their native auxiliaries engaged in this formidable task when the Spanish fleet had been the subject of criticism even among the soldiers participating in the effort to pacify the Moon Bay and the correspondent of The Associated Press heard on many occasions "cries" remarks as to the peril of leaving small garlands to defend heavily equipped positions. It was pointed out that the tribesmen were able to assemble in considerable force at any given point with remarkable rapidity and a body guard was liable to be cut off and overwhelmed before help could be secured from another point.

Rich, however, was the situation and the high commissioner with the general under his command were required to make the best of things while trying to resist Spanish attacks at every point.

Meanwhile, it is charged, the tribesmen are able to maintain their supplies of food and arms either from the mountains or by the use of the native national force at Tanager. By this means they are enabled to offer strong resistance in the Spanish in their efforts to take and hold the country. The force between Mexico and Spain, a distance of 300 miles in a direct line.

every inch of which must be fought for. Much help cannot be expected from the small Spanish war vessels patrolling the coast, to which approach is very difficult and dangerous, while bombarding from the warships would probably prove ineffective, because of the impossibility of seeing the object aimed at owing to the roughness of the ground.

TWO BILLION WHEAT CORN FROM IS COUNTRIES

Washington, Aug. 18.—Statistics from 16 countries, including Canada, which normally produce about thirty per cent of the total wheat crop of the world, indicate a production this year of approximately 1,933,000,000 bushels, or about seven million bushels more than last year, the Department of Agriculture announced today.

The estimate is based on reports up to August 15. It makes the total component of the department said no definite speculation can be made until after the return from more of the remaining countries are received whether the total production of wheat in 1921 will be greater or less than in 1920.

The Canadian crop was reported as increasing favorably, while in northern, central and western Europe, despite the continued drought, the crop is generally expected to be in normal terms. The Russian agricultural production was reported to be in normal terms, with no exports expected from that country. Crops in India were reported inferior from drought, but in North Africa the harvesting turned out somewhat better than last year. In the southern hemisphere, including Australia and Argentina, crops were reported as favorable.

WENT THROUGH STREETS ON HER KNEES

Libson, Aug. 18.—A curious sight was witnessed in the streets of Libson just before dawn recently. Maria Connelio, wife of a workman, was seen dragging herself painfully on her hands and knees through the busy streets to the Church of Our Lady of Health, thus carrying out a vow made during the illness of her husband, in case of his recovery.

The distance from her house to the church was over two miles, and though she had accumulated some half of her pilgrimage, her knees were torn by the stones and her dress was stained with blood.

Her husband, a young fireman, fell seriously ill about six months ago and was given up by the doctors. He devoted his time to his wife with untiring care and love and when it was thought that she should save his life, making a vow that if he recovered she would go on her knees, as a sign of thanksgiving, to the shrine of the Lady of Health.

The husband recovered and the wife has bailed her vow.

A state-wide investigation of arm chair lunch rooms with special reference to prices charged and quality of food served, is planned by the Massachusetts commission on conservation of life. The commission also has received applications from a number of cities. In Montreal, it was alleged that prices charged were lowered by reduction in the quality of food, or lowering of the quality of food.

Tombstones are now being carried at the Dominion Cemetery.

All our summer cottages are full of visitors.

Miss Crozier of Toronto "visited" her son, Mrs. R. C. Richardson, on Sunday.

Mr. Brock, of Hillside, was in town on Saturday also a number from Hillside came in with Col. A. N. Ferguson, in trip.

Post master and Mr. Fitzgerald are home from their trip to Thousand Islands, Brockville, Ottawa and Montreal.

Our country has put on a fine appearance a new visit is likely to prove as happy as some of the new.

Composed has relieved us of these nervous feelings after suffering from such a long period of illness. It is for the very best and it has come to a world of good. — Mrs. J. J. Gaudin, R. R. 1, St. Catharines, Ontario.

God health is a woman's greatest asset. With it she may be the best mother of her husband, a happy mother, and the life of her home. Without it she suffers agonies, household duties are a burden, and her family is made miserable by her condition.

Ghosts Chief Topic Of Photoplay

"HOUSE OF THE TOLLING BELL" IS DISTINCTIVE PHOTO-PLAY.

The feature picture at Griffin's this week-end breathes with the air of old Louisiana. Few pictures have been made which so convincingly carry the atmosphere of its locale. The interiors are perfect because the producer evidently went into the very heart of the country with which the story deals and shot the scenes direct from the original. The interior shows a fine appreciation of old southern homes.

"The story is absorbing and moves with increasing speed as the action reaches its climax. It has to do with the struggle for possession of a half-timbered house, many lives, believed by the superstitious natives to harbor 'ghosts'. The atmosphere of mystery and superstition is closely interwoven into the fabric of the story and convincingly explained in the picture. May McAvoy is splendid in the role of a poor little southern girl and Hiram Gordon is a considerable and manly hero. Several striking clarifications by other members of the cast, especially the most worthy of them.

"The House of the Tolling Bell" should attract to Griffin's all of you who are searching for "something new" in photoplay features. It is worth while from every viewpoint.

GOOD STAGE COMEDY

OPENS DEMAND SEASON

"Three Live Ghosts," Max Martin's production at Frederic's, is being produced in this county will be seen at Griffin's this Monday night, August 23rd, for one night only. The story deals with three soldiers—two British and one American—who had been killed at sea by the British War Office. But instead of being able to return to their old lives one of them had no other reason for remaining dead.

The third who has no reason for remaining dead, cannot remember who or what he is, because his check has rubbed his of his wife. The

add to the trials of the trio, he discovers his identity and loses them all in the chaos of Scotland Yard. But it is through him that the three eventually manage to resume their places in the world of the living. The cast includes Harry Hoffer, Alvin Midwinter, Fred Dean, Harry Vincent, Don Lane, Edward Barry, Kinross Masters, George Dunlop, Agnes Allerton and William Spillars.

A REMARKABLE STORY.
A remarkable play, a remarkable story, full of drama, intrigue and love interest, besides holding up the mirror to public corruption in the United States, is "A Gentleman from Shanghai," the Hamiltonian's new serial story, which begins (Monday) Saturday. Don't miss it for it is a story of life, made and colored in the present day.

GAMBLERS ARRESTED.
That the Ontario Attorney-General's Department is determined that all forms of chance "will be eliminated from the Ontario fair, and also from the amusement areas held, in evidence at the Ontario fair, where two Kingstonians who were, so it is stated, running a game of chance, were placed against by the Ontario Constable Samuel Brown and Constable David Wagner, a charge on condition that he appear in Niagara on Tuesday next. The constable stated that they had received direct instruction from the Attorney-General's Department to make sure that no game of chance be run at any show.

SALVING WRECK.
The Donnelly Salvage and Wrecking Company are at work on the stranded barge, Algonquin, salvaging the iron wire, the understructure and other objects they found to do the work. The barge lies in the middle of open sea of Lake Ontario, a mile off the Prince Edward coast. The cargo of wheat in the barge barge is being washed out. The wrecked barge has been purchased by the City of Hamilton, and the City of Hamilton is now in the process of salvaging the barge.

STEAMER RAN AROUND.
The steamer Lathol, of the Hall Coal Co., Ltd., of Toronto, N. Y., which went to the rescue of the crew of the barge, Algonquin, was wrecked at Point, during Tuesday night, ran around at the end of the Lake Ontario coast. BRITISH TURBO-ELECTRIC LOCOMOTIVE

Great success is being achieved in regard to the turbo-electric locomotive which is being built for the British railway. It can, however, be stated that the principle adopted is similar to the system of electric traction in use in the United States. The turbo-electric locomotive is a high speed turbine coupled to an electric motor which drives the wheels through some form of gearing. The advantage of this arrangement is that it combines the great efficiency of the high speed turbine with the flexibility of electric power control. The trials are successful they will probably lead to the conversion of many express engines locomotives to the electric system. The turbo-electric locomotive is not to be confused with a new type of "thermo-electric" locomotive which is being built for experimental purposes. This is a new type of locomotive which is being built for experimental purposes.

SOLDIER SETTLERS

JUDGE LIVESTOCK

The last deer (Algonia) arrived at the station in that province to be distributed to the soldiers and to the livestock being on the benefit of soldier settlers.

The course was suggested by R. B. Harkness, president and was successfully carried through with the

operation of the Red Deer board of trade and J. H. Weston, local representative of the "Soldier" Settlement board. Fifty-one soldiers from Red Deer and Redcliffe districts arrived on the second day of the fair the settlers were the guests of the Red Deer board of trade at an informal banquet arranged by the ladies of the Ladies' Aid.

When addresses were given by H. A. Crisp, Deputy Minister of Agriculture for Alberta; W. J. Bortoni, President of the Board of Trade; R. B. Harkness, President Agricultural Society; and H. McElroy, District Agricultural Society, Solicitor-General.

The soldier settlers received valuable instruction from the course and

Here is a thoroughbred Master Four Completing the famed McLaughlin-Buick Line

The new Four-Cylinder McLaughlin-Buick, here announced, is a thoroughbred—a pedigreed car well worthy of its name.

Down to the very last detail, this new model possesses every quality of enduring serviceability, complete comfort, and distinctive appearance that have always characterized McLaughlin automobiles.

The advent of this new Master Four makes the McLaughlin-Buick 1922 line complete. It offers to purchasers of a car of this size all the quality and service that go to make up the name McLaughlin.

The McLaughlin-Buick Valve-in-Head Engine—A Power Plant That Has Proved Itself

The engine, of course, is of the time-tested McLaughlin-Buick Valve-in-Head type. This year-after-year concentration of McLaughlin-Buick engineering skill and experience in building Valve-in-Head motors assure the highest standard of performance obtainable to-day.

Every other unit is of a quality equal to the power plant. The whole assembly constitutes a perfectly balanced chassis which is of typical McLaughlin-Buick Construction.

tion. The equipment of Cord Tires is merely evidence of the quality which characterizes the entire car.

Two open and two closed body types mounted on the McLaughlin-Buick chassis comprise the new series. Even the most casual inspection of the details of design and workmanship will reveal that full measure of quality which motorists have learned to associate with McLaughlin.

A Great Car—Prices Make it an Even Greater Value.

Obviously a high grade automobile—a genuine McLaughlin-Buick production—the prices make this Four even greater.

The new McLaughlin-Buick Master Four is a Made-in-Canada car. Walkerville, Ont., is the home of the General Motors Canadian mammoth manufacturing plants. These new plants are most modern in every respect and are fitted with the finest machinery to turn out accurately and economically, motors, transmissions, axles and other heavy parts for motor cars. Smaller parts and the assembling of units, painting, upholstering and top and body building are done at the Oshawa Plants.

The private, who when the Great rearsister in Quebec on New Year's Eve, was hit a hard blow with the shaking spirit that he knew that the car was not only a car, but a car that was built in Canada.

Another dog, which is in the habit of making for men, is the fact that the car

LAGRANGE AND THE HUSBAND
 A strange controversy that raged about the National Game.

One of the strangest controversies in the history of American sport has been going on for a considerable length of time and it has a century ago, when some of the first of the game was played.

It was shortly after Laramie had been adopted as Canada's national game that the controversy was taking its first steps.
